## MEDIA RELEASE

### Region's Investment Opportunities on Show

#### ***'Invest Mackay Whitsunday Isaac 2010 Conference In the Black – investment opportunities from Coal to Coast'***

The Mackay Whitsunday Isaac region is set to shine again, with a regional investment conference to be held in May 2010.

The Invest Mackay Whitsunday Isaac 2010 Conference, hosted by the Regional Economic Development Corporation (REDC), will highlight the investment opportunities within the high growth Mackay Whitsunday Isaac region.

The conference to be held from the 19<sup>th</sup>- 21<sup>st</sup> of May 2010, aims to bring together representatives from all around Australia, Asia and the US to view firsthand what the region has to offer.

REDC's Investment Attraction Manager, Martin Homisan, said that the conference will have a range of high-profile guest speakers who will provide insightful information regarding the regional economy and current and future investment opportunities.

Professionals interested in learning more about investment opportunities in the Mackay Whitsunday Isaac region should not miss this conference. Topics will include a regional overview, the benefits of investing in the region, understanding foreign direct investment, the specific investment opportunities in the region and other investment related information.
